

Michigan Network of High Performing Skilled Nursing Facilities

Welcome to Trinity Health!

The purpose of this document is to provide clarifications and answers to commonly asked questions about Michigan Network of High Performing Skilled Nursing Facilities. If you have any additional questions or need any additional help regarding the selection of a Skilled Nursing Facility that you think will meet your needs, please ask anyone on your care team for assistance.

What is a network of High Performing Skilled Nursing Facilities?

- Trinity Health and their Clinically Integrated Networks (CIN) developed a High Performing Providers Network of Skilled Nursing Facilities.

Are these facilities certified?

- Skilled and sub-acute facilities are certified by the state and federal government agencies to provide levels of care that range from custodial care to skilled nursing that can only be delivered by trained professionals.

What is Michigan Clinically Integrated Network?

- We are a physician-led organization focused on improving the quality of care and our patients' experience and delivering care at an appropriate cost. Our organization includes Chelsea Hospital, Trinity Health Ann Arbor, Trinity Health Grand Rapids, Trinity Health Livingston, Trinity Health Livonia, Trinity Health Muskegon and Trinity Health Oakland and the following physician organizations: Trinity Health IHA Medical Group, Huron Valley Physicians Association (HVPA), Oakland Physician Network Services (OPNS), Oakland Southfield Physicians (OSP), Olympia and Trinity Health Medical Group in West Michigan.

How does a Skilled Nursing Facility become a High Performing Skilled Nursing Facility?

- Statewide criteria for High Performing Skilled Nursing Facilities include the following: Attendance at quarterly regional meetings, Quarterly data submission with the focus on quality metrics, CMS 5-Star quality rating and participation in hospital-based programs such as SEPSIS, Stroke, COPD and Heart Failure.

What is the meaning of a "High Performing Skilled Nursing Facility" status?

- High Performing Status indicates that a Skilled Nursing Facility is meeting all of our requirements and is or will be listed as a High Performing SNF Provider in our network's High Performing Skilled Nursing Facility Provider List.

How often are the criteria reviewed and applied?

- We review our criteria on a quarterly basis and update our list of a high performing Skilled Nursing Facilities accordingly.

Is a hospital responsible for providing a list of a High Performing Skilled Nursing Facilities to their patients?

- Yes, it is our responsibility to assist you in choosing a quality provider for your next level of care.

Are there any additional resource available?

- You may choose to review more options in your geographic area by searching the list available via Medicare Compare at <https://www.medicare.gov/care-compare>

What is the meaning of on the medicare.gov website and could a SNF be included in the SEMI High Performing Providers Network of Skilled Nursing Facilities?

- A Skilled Nursing Facility that has been cited for potential issues related to abuse have this icon next to their name. For more information about this issue and what to do if you suspect abuse has occurred, please follow the consumer alert link at <https://www.medicare.gov/care-compare>
- Due to timeline related to citation and clearance of this symbol and the list of criteria for which facilities could be cited, it is possible that a facility could have this symbol and be on our list of high performing providers.
- We advise families to connect with the facilities directly and ask them about any citations they might have received.

Skilled Nursing Facility Provider Profile

How We Measure Quality-of-Care

This Skilled Nursing Facility Provider Profile was created to help you select a local center with a history of success serving patients with conditions similar to yours. This profile includes information about the quality, value, and clinical services delivered at each center. We utilized Medicare Star Ratings (available at <https://data.medicare.gov/>), historic Medicare claims data for patients served at each center, and information reported by each center to understand the capabilities and services available.

Quality Information Highlighted

Although this profile highlights your local options, understanding a center's performance compared to national practices can be a helpful way of assessing quality.

Category	Fair	Good	Excellent
Medicare Star Ratings	1-2 Star Overall Rating	3 Star Overall Rating	4-5 Star Overall Rating
Readmission Rating	The center falls at or above 11.1 percent rate of potentially preventable hospital readmissions 30 days after discharge from SNF	The center falls between 10.6 and 11.0 percent rate of potentially preventable hospital readmissions 30 days after discharge from SNF	The center falls at or below 10.5 percent rate of potentially preventable hospital readmissions 30 days after discharge from SNF
Specialty Clinical Programs	Data gathered by on-site Evaluation verifies that centers have an enhanced clinical program specialist physician oversight for these service areas, indicating an increased focus and level of service for specific conditions.
